

Fruit and vegetable products — Determination of tin content — Method using flame atomic absorption spectrometry

ICS 67.080.01

Confirmed March 2010

National foreword

This British Standard reproduces verbatim ISO 17240:2004 and implements it as the UK national standard.

Any enquiries on this text should be forwarded to Head of International Content, Standards Development, BSI, 389 Chiswick High Road, London W4 4AL, who will present to the responsible international/European committee any such enquiries on the interpretation, or proposals for change, and keep UK interests informed.

Cross-references

The British Standards which implement international publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the ISO title page, pages ii and iii, a blank page, pages 1 to 5 and a back cover.

The BSI copyright notice displayed in this document indicates when the document was last issued.
