

Adhesives — Determination of temperature dependence of shear strength

ICS 83.180

National foreword

This British Standard was published by BSI. It is the UK implementation of ISO 19212:2006.

The UK participation in its preparation was entrusted to Technical Committee PRI/52, Adhesives.

A list of organizations represented on PRI/52 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 29 September 2006
