

BSI Standards Publication

Road vehicles — Liquefied petroleum gas (LPG) fuel systems components

Part 3: 80% stop valve

National foreword

This British Standard is the UK implementation of [ISO 20766-3:2018](#).

The UK participation in its preparation was entrusted to Technical Committee GSE/40, Gas supply equipment for natural gas vehicles.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
