Textiles — Man-made fibres — Determination of dye uptake of cationic dyeable modified polyester fibres

National foreword

This British Standard is the UK implementation of [ISO 20920:2018](#).

The UK participation in its preparation was entrusted to Technical Committee TCI/24, Physical testing of textiles.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
