

BSI Standards Publication

Tools for pressing — Spring plungers with helicoidal compression steel spring or gas spring

National foreword

This British Standard is the UK implementation of [ISO 20928:2018](#).

The UK participation in its preparation was entrusted to Technical Committee MTE/12, Tools for pressing and moulding.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
