## National foreword

This British Standard is the official English language version of ISO 2113:1996, including Corrigendum February 2003.

The UK participation in its preparation was entrusted to Technical Committee PRI/42, Fibre reinforced thermosetting plastics and prepegs, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK;

A list of organizations represented on this committee can be obtained on request to its secretary.
