Surface active agents — Detergents — Determination of alkylphenol ethoxylates

National foreword

This British Standard is the UK implementation of ISO 21264:2019.

The UK participation in its preparation was entrusted to Technical Committee CII/34, Methods of test for surface active agents.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
