

Ships and marine technology — Propeller shaft revolution indicators — Electric type and electronic type

ICS 47.020.70

National foreword

This British Standard is the UK implementation of ISO 22554:2007.

The UK participation in its preparation was entrusted to Technical Committee EPL/80, Maritime navigation and radiocommunication equipment and systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.
