Industrial trucks — Verification of stability

Part 8: Additional stability test for trucks operating in the special condition of stacking with mast tilted forward and load elevated

National foreword

This British Standard is the UK implementation of [ISO 22915-8:2018](#). It supersedes [BS ISO 22915-8:2008](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MHE/7, Industrial trucks.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
