

BSI Standards Publication

Metal slitting saws with fine and coarse teeth — Metric series

National foreword

This British Standard is the UK implementation of [ISO 2296:2018](#).

The UK participation in its preparation was entrusted to Technical Committee MTE/18, Tools tips and inserts for cutting applications.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
