Energy efficiency of industrial trucks — Test methods

Part 2: Operator controlled self propelled trucks, towing and burden carrier trucks

National foreword

This British Standard is the UK implementation of ISO 23308-2:2020.

The UK participation in its preparation was entrusted to Technical Committee MHE/7, Industrial trucks.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
