

BSI Standards Publication

Aircraft — Conductors for general purpose aircraft electrical cables and aerospace applications — Dimensions and characteristics

National foreword

This British Standard is the UK implementation of ISO 2635:2003+A1:2017. It supersedes BS ISO 2635:2003, which is withdrawn.

The start and finish of text introduced or altered by amendment is indicated in the text by tags. Tags indicating changes to ISO text carry the number of the ISO amendment. For example, text altered by ISO amendment 1 is indicated by A1 A1.

The UK participation in its preparation was entrusted to Technical Committee ACE/6, Aerospace avionic electrical and fibre optic technology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
