

BSI Standards Publication

Textile glass — Rovings — Basis for a specification

National foreword

This British Standard is the UK implementation of ISO 2797:2017.

The UK participation in its preparation was entrusted to Technical Committee PRI/42, Fibre reinforced thermosetting plastics and prepregs.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
