

Hydraulic fluid power — Filter elements — Verification of fabrication integrity and determination of the first bubble point

ICS 23.100.60

National foreword

This British Standard reproduces verbatim ISO 2942:2004 and implements it as the UK national standard. It supersedes BS ISO 2942:1994 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee MCE/18, Fluid power systems and components, to Subcommittee MCE/18/-/6, Contamination control, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the ISO title page, pages ii and v, a blank page, pages 1 to 7 and a back cover.

Foreword	iv
Introduction	v
1 Scope	1
2 Normative references	1
3 Terms and definitions	1
4 Apparatus and materials	2
5 Test methods	3
5.1 General procedure	3
5.2 Verification of fabrication integrity (absence of air bubbles)	4
5.3 Determination of the first bubble point	4
6 Data presentation	5
7 Identification statement	5
Annex A (normative) Test report for verification of filter element fabrication integrity and determination of first bubble point	6
Bibliography	7
