

Iron ores for blast furnace and direct reduction feedstocks — Determination of bulk density

ICS 73.060.10

National foreword

This British Standard is the UK implementation of ISO 3852:2007. It supersedes BS 6147:1989 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/58, Iron ores.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 March 2008
