**Composition cork — Gasket material —
Classification system, requirements,
sampling, packaging and marking**

National foreword

This British Standard is the UK implementation of ISO 4709:2017. It supersedes BS ISO 4709:2000, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/81, Cork.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
