Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee EH/1, Acoustics, to Subcommittee EH/1/4, Machinery noise, upon which the following bodies were represented:

- Advanced Manufacturing Technology Research Institute
- Agricultural Engineers Association
- British Cement Association
- British Compressed Air Society
- British Industrial Truck Association
- British Occupational Hygiene Society
- Construction Industry Research and Information Association
- Department of Environment (Building Research Establishment)
- Department of Trade and Industry (National Engineering Laboratory)
- Department of Trade and Industry (National Physical Laboratory)
- Department of Trade and Industry (Technology and Innovation Policy Division)
- Department of Transport
- Engineering Equipment and Materials Users Association
- Engineering Industries Association
- Fan Manufacturers Association
- Federation of the Electronic Industry
- Federation of Manufacturers of Construction Equipment and Cranes
- Federation of Piling Specialists
- Health and Safety Executive
- Hevac Association
- Institute of Acoustics
- Institute of Sound and Vibration Research
- Institution of Engineering Designers
- Institution of Mechanical Engineers
- National Specialist Contractors Council
- Rotating Electrical Machines Association (BEAMA Limited)
- Society of Motor Manufacturers and Traders Limited
- University of Liverpool
- University of Manchester

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 December 1996

Text of ISO 5131	1

National Foreword

This British Standard reproduces verbatim ISO 5131:1996 and implements it as the UK national standard.

This British Standard is published under the direction of the Health and Environment Sector Board whose Technical Committee EH/1 has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international committee any enquiries on interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

NOTE International and European Standards, as well as overseas standards, are available from Customer Services, BSI, 389 Chiswick High Road, London W4 4AL.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the ISO title page, pages ii to iv, pages 1 to 9 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Contents

	Page
Foreword	iii
Introduction	1
1 Scope	1
2 Normative references	1
3 Measurement requirements	2
4 Measurement equipment	2
5 Acoustical environment, weather conditions and background noise	2
6 Condition of tractor or machine	2
7 Operators	2
8 Microphone location	3
9 Noise measurement procedure	3
10 Test report	3
Annex A (normative) Agricultural and forestry tractors	4
Annex B (normative) Self-propelled agricultural machines	5
Annex C (normative) Pedestrian-controlled agricultural machines	6
Annex D (normative) Forestry forwarders and skidders	6
Annex E (informative) Specimen report form	8
