

Pulps — Preparation of laboratory sheets for physical testing —

Part 3: Conventional and Rapid-Köthen sheet formers using a closed water system

ICS 85.040

National foreword

This British Standard is the UK implementation of ISO 5269-3:2008.

The UK participation in its preparation was entrusted to Technical Committee PAI/11, Methods of test for paper, board and pulps.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 October 2008
