Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee CPW/36, Cinematography — International coordination, upon which the following bodies were represented:

- British Kinematograph, Sound and Television Society
- British Photographic Association
- ITV Association (Itva)

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- Association of Independent Cinemas
- British Broadcasting Corporation
- British Film and Television Producers' Association
- British Film Institute
- Broadcasting Entertainment Cinematograph and Theatre Union
- Cinema Exhibitors Association
- Institute of Amateur Cinematographers
- Royal Photographic Society

This British Standard, having been prepared under the direction of the Consumer Products and Services Sector Board, was published under the authority of the Standards Board and comes into effect on 15 October 1995

National foreword

This British Standard reproduces ISO 6025:1993 and Technical Corrigendum 1, and implements it as the UK national standard. It supersedes BS 5550-5.4.2:1983, which is withdrawn.

This British Standard is published under the direction of the Consumer Products and Services Sector Board whose Technical Committee CPW/36 has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international committee any enquiries on interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

NOTE International and European Standards, as well as overseas standards, are available from Customer Services, BSI, 389 Chiswick High Road, London W4 4AL.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the ISO title page, page ii, pages 1 to 8 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
