Plain bearings — Metallic thin-walled half bearings — Determination of the $\sigma_{0,01}^*$ -limit

National foreword

This British Standard is the UK implementation of ISO 6282:2018.

The UK participation in its preparation was entrusted to Technical Committee MCE/12, Plain bearings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
