National foreword

This British Standard is the UK implementation of ISO 6552:1980, incorporating corrigendum July 2009. It supersedes BS 6023:1981 (dual numbered as BS 6023:1981 / ISO 6552:1980), which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee PSE/18, Industrial valves, steam traps, actuators and safety devices against excessive pressure, to Subcommittee PSE/18/1 Industrial valves, steam traps, actuators and safety devices against excessive pressure - Valves - Basic standards.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

Amendments/corrigenda issued since publication

Date	Comments
31 May 2012	Implementation of ISO corrigendum July 2009. The table in Subclause 2.3 has been amended, and the title has been aligned with the ISO title. This corrigendum also renumbers BS 6023:1981 as BS ISO 6552:1980.

This British Standard, having been prepared under the direction of the Mechanical Engineering Standards Committee, was published under the authority of the Executive Board and comes into effect on 31 December 1980
