Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Information Technology Systems Standards Policy Committee (IST/-) to Technical Committee IST/15, upon which the following bodies were represented:

- British Computer Society
- British Telecommunications plc
- Business Equipment and Information Technology Association
- Computing Services Association
- Department of Trade and Industry
- Electronic Engineering Association
- HM Treasury (Central Computer and Telecommunications Agency)
- Institute of Scientific and Technical Communicators
- Institution of Electrical Engineers
- LAMSAC
- Ministry of Defence
- National Computing Centre Ltd.
- User Standards Forum for Information Technology (Institute of Data processing Management)

This British Standard, having been prepared under the direction of the Information Technology System Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 31 October 1990

Text of ISO 6593	1

National foreword

This British Standard reproduces verbatim ISO 6593:1985 and implements it as the UK national standard.

This British Standard is published under the direction of the Information Technology Systems Standards Policy Committee whose Technical Committee IST/15 has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international committee any enquiries on interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

NOTE International and European Standards, as well as overseas standards, are available from BSI Sales Department, BSI, Linford Wood, Milton Keynes, MK14 6LE.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the ISO title page, pages ii to iv, pages 1 to 7 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
