Plastics — Determination of dynamic mechanical properties

Part 9: Tensile vibration — Sonic-pulse propagation method

National foreword

This British Standard is the UK implementation of [ISO 6721-9:2019](#). It supersedes [BS ISO 6721-9:1997+A1:2007](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/21, Testing of plastics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
