

BSI Standards Publication

Glass — Hydrolytic resistance of glass grains at 98 °C — Method of test and classification

National foreword

This British Standard is the UK implementation of ISO 719:2020. It supersedes BS 3473-2:1987, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CH/212, IVDs.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
