

BSI Standards Publication

Rubber, vulcanized or thermoplastic — Determination of adhesion to metal — Two-plate method

National foreword

This British Standard is the UK implementation of ISO 814:2011. It supersedes BS ISO 814:2007 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/22, Physical testing of rubber.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
