

BSI Standards Publication

Optics and photonics — Environmental test methods

Part 3: Mechanical stress

National foreword

This British Standard is the UK implementation of ISO 9022-3:2015+A1:2020. It supersedes BS ISO 9022-3:2015 which is withdrawn.

The start and finish of text introduced or altered by amendment is indicated in the text by tags. Tags indicating changes to ISO text carry the number of the ISO amendment. For example, text altered by ISO amendment 1 is indicated by **A1** **A1**

The UK participation in its preparation was entrusted to Technical Committee CPW/172, Optics and Photonics.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
