

Implementation of ISO 9022-7:1994

Optics and optical instruments — Environmental test methods —

Part 7: Drip, rain

ICS 37.020.00

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Consumer Products and Services Sector Board to Technical Committee CPM/17, Fundamental aspects of optical standards, upon which the following bodies were represented:

- British College of Optometrists
- Department of Trade and Industry (National Physical Laboratory)
- Engineering Equipment and Materials Users' Association
- Flat Glass Manufacturers' Association
- Ministry of Defence
- Sira Limited
- Society of British Aerospace Companies Limited
- United Kingdom Laser and Electro-optic Association

This British Standard, having been prepared under the direction of the Consumer Products and Services Sector Board, was published under the authority of the Standards Board and comes into effect on 15 February 1995

Amendments issued since publication

Amd. No.	Date	Comments
15313 Technical Corrigendum No. 1	17 August 2004	Correction to Figure 3 and A.1

National foreword

This British Standard reproduces verbatim ISO 9022-7:1994, including Technical Corrigendum 2001, and implements it as the UK national standard.

This British Standard is published under the direction of the Consumer Products and Services Sector Board whose Technical Committee CPM/17 has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international committee any enquiries on interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

NOTE International and European Standards, as well as overseas standards, are available from Customer Services, BSI, 389 Chiswick High Road, London W4 4AL.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the national foreword page, a blank page, the ISO title page, pages ii to iv, pages 1 to 9 and a back cover.

The BSI copyright notice displayed in this document indicates when the document was last issued.
