

Implementation of
ISO 9144:1991

Securities — Optical character recognition line — Position and structure

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Information Systems Technology Standards Policy Committee (IST/-) to Technical Committee IST/12, upon which the following bodies were represented:

- American Banks and Securities Association of London
- Association for Payment Clearing Services
- Building Societies Association
- British Telecommunications plc
- IBM (UK) Ltd.
- The London Stock Exchange

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- British Bankers' Association
- The EDI Association
- Institutional Fund Managers' Association
- The London Stock Exchange
- Stock Exchange Management Association
- Securities and Investments Board

This British Standard, having been prepared under the direction of the Information Systems Technology Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 31 March 1992

Text of ISO 9144	1

National foreword

This British Standard reproduces verbatim ISO 9144:1991 and implements it as the UK national standard.

This British Standard is published under the direction of the Information Systems Technology Standards Policy Committee whose Technical Committee IST/12 has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international committee any enquiries on interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

NOTE International and European Standards, as well as overseas standards, are available from BSI Sales Department, BSI, Linford Wood, Milton Keynes, MK14 6LE.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the ISO title page, pages ii to iv, pages 1 to 11 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
