# Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee PKM/18, Freight containers, upon which the following bodies were represented:

- British Industrial Truck Association
- British International Freight Association
- British Railways Board
- Chamber of Shipping
- Department of Transport (Transport Industries)
- European Portable Tank Association (British Section)
- Federation of the Electronics Industry
- Health and Safety Executive
- Institute of Logistics
- Lloyd’s Register of Shipping
- Ports Safety Organisation
- Road Haulage Association Ltd.
- Shipowners Refrigerated Cargo Research Association
- Society of Motor Manufacturers and Traders Limited

This British Standard, having been prepared under the direction of the Consumer Products and Services Sector Board, was published under the authority of the Standards Board and comes into effect on 15 July 1995

## National foreword

This British Standard reproduces verbatim ISO 9669:1990 including Amendment 1:1992 and implements it as the UK national standard. It supersedes BS 3951-2.6:1992 which is withdrawn.

This British Standard is published under the direction of the Consumer Products and Services Sector Board whose Technical Committee PKM/18 has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international committee any enquiries on interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

NOTE International and European Standards, as well as overseas standards, are available from Customer Services, BSI, 389 Chiswick High Road, London W4 4AL.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

**Compliance with a British Standard does not of itself confer immunity from legal obligations.**

### Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the ISO title page, pages ii to iv, pages 1 to 9 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
