Identification cards — Optical memory cards — Holographic recording method

Part 3: Optical properties and characteristics

National foreword

This British Standard is the UK implementation of ISO/IEC 11695-3:2017. It supersedes BS ISO/IEC 11695-3:2008, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee IST/17, Cards and personal identification.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
