

Implementation of ISO/IEC 9646-4 : 1991

**Information technology —
Open Systems Interconnection
— Conformance testing
methodology and framework —**

Part 4: Test realization

National foreword

This British Standard reproduces verbatim ISO/IEC 9646-4 : 1991 and implements it as the UK national standard.

This British Standard is published under the direction of the Information Systems Technology Standards Policy Committee whose Technical Committee IST/21 has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international committee any enquiries on interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

NOTE. International and European Standards, as well as overseas standards, are available from BSI Sales Department, BSI, Linford Wood, Milton Keynes, MK14 6LE.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

**Information technology — Open Systems
Interconnection — Conformance testing
methodology and framework —
Part 4 : Test realization**

NOTE. The European Committee for Standardization (CEN) has accepted ISO/IEC 9646-4 : 1991 as a European Standard, designated EN 29646-4 : 1992 and this amendment effects the implementation of EN 29646-4 : 1992 as a British Standard.

Revised text

AMD 7303
November 1992

Front and back covers

In the top right hand corner of the front cover and on the back cover, immediately below 'BS ISO/IEC 9646-4 : 1991' insert 'EN 29646-4 : 1992'.

AMD 7303
November 1992

Front cover

Below the title insert the following.

'The European Standard EN 29646-4 : 1992 has the status of a British Standard'

AMD 7303
November 1992

National foreword

Between paragraphs 1 and 2 insert the following.

'ISO/IEC 9646-4 : 1991 was accepted as a European Standard by the European Committee for Standardization (CEN) in February 1992. This European Standard is designated EN 29646-4 : 1992 and is entitled 'Information technology – Open Systems Interconnection – Conformance testing methodology and framework – Part 4 : Test realization'.'

Teil 4: Realisierung der Prüfung
(ISO/IEC 9646-4 : 1991 – Ausgabe 1)

This European Standard was approved by CEN on 1992-04-11. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

The Technical Board has decided to submit the International Standard ISO/IEC 9646-4 : 1991 'Information technology – Open Systems Interconnection – Conformance testing methodology and framework – Part 4 : Test realization (ISO/IEC 9646-4 – 1st edition 1991)'

for Formal Vote. The standard was accepted.

However the German version of the international standard is not available at the time of publication of the present European Standard.

National Standards identical to this European Standard shall be published at the latest by 92-10-31 and conflicting national standards shall be withdrawn at the latest by 92-10-31.

According to the CEN/CENELEC Common Rules, the following countries are bound to implement this standard : Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
