Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee MCE/5, Gears, to Subcommittee MCE/5/5, Gear accuracy, upon which the following bodies were represented:

- British Engineering Cutting Tools Association
- British Gear Association
- British Horological Federation
- British Horological Institute
- Cranfield University
- Engineering Equipment and Materials Users' Association
- Gauge and Tool Makers' Association
- Lloyd's Register of Shipping
- London Underground Ltd.
- Ministry of Defence
- Power Generation Contractors' Association [PGCA (BEAMA Ltd.)]

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 March 1997
