Foreword

This British Standard has been prepared under the authority of the Shipbuilding & Marine Industry Standards Committee, and is based on a proposal of The British Ship Research Association.

This standard makes reference to the following British Standards:

BS 4229, *Recommendations for sizes of non-ferrous and ferrous bars — Part 2: Ferrous bars.*

BS 4360, *Weldable structural steels.*

BS 499, *Welding terms and symbols — Part 2: Symbols for welding.*

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 and 2, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Amendments issued since publication

Amd. No.	Date	Comments

This British Standard, having been approved by the Shipbuilding & Marine Industry Standards Committee, was published under the authority of the Executive Board on 27 October 1971
