

Specification for

**18 % nickel-cobalt-
molybdenum maraging
steel for forging stock,
forgings, bars and
parts (1800 MPa:
double vacuum melted)**

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Aerospace Standards Policy Committee (ACE/-) to Technical Committee ACE/15 upon which the following bodies were represented:

- British Forging Industry Association
- British Independent Steel Producers' Association
- British Industrial Fasteners Federation
- British Investment Casting Trade Association
- British Steel Industry
- British Steel Industry (Wire Section)
- Civil Aviation Authority (Airworthiness Division)
- Institute of British Foundrymen
- Ministry of Defence
- National Association of Steel Stockholders
- Rolls-Royce Limited
- Seamless Steel Tube Association
- Society of British Aerospace Companies Limited
- Steel Casting Research and Trade Association

This British Standard, having been prepared under the direction of the Aerospace Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 31 October 1990
