

Washers for unified hexagons for aircraft (primarily for packing purposes)

ICS 49.030.50

Foreword

These British Standards have been prepared at the request of the aircraft industry to provide a range of packing washers or use with aircraft bolts with Unified hexagons.

BS SP 122 to 125:1958+A2:2011 supersedes BS SP 122 to 125:1958+A1:1973, which is withdrawn.

The start and finish of text introduced or altered by Amendment No. 2 is indicated in the text by tags **A2** **A2**. Minor editorial changes are not tagged.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 and 2, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Amendments/corrigenda issued since publication

Amd.No	Date of issue	Comments
1182	May 1973	Indicated by a sideline in the margin
A2	28 February 2011	See Foreword
C1	31 March 2011	Correction to formatting errors

These British Standards, having been approved by the Aircraft Industry Standards Committee and endorsed by the Chairman of the Engineering Divisional Council, were published under the authority of the General Council of the Institution on 11 June 1958
