

Code of practice

Maintained lighting for cinemas

Code committee convened by The institution of electrical engineers and the british standards institution

A.F. Steel, B.SC.(ENG.), A.M.I.E.E. (Chairman)
The Chairman of the Utilization Section of The Institution of Electrical Engineers (ex officio)

E. R. Sanderson, A.M.I.C.E., M.I.E.E.	Nominated by
B. T. S. Gamble	Accumulator Makers' Association
R. E. Pulman	} British Kinematograph Society
G. E. Fielding	
F. J. Jordon	} Cinematograph Exhibitors' Association
^a L. Knopp, PH.D., M.SC.	
S. B. Swingler	
R. G. Hopkinson, PH.D., B.SC.(ENG.), M.I.E.E	Department of Scientific and Industrial Research
A. E. Woolgar, B.SC.(ENG.)	Electric Lamp Manufacturers' Association
E. B. Sawyer	Electric Lamp Manufacturers' Association, Lighting Service Bureau
W. R. Stevens, B.SC., M.I.E.E.	} Electric Light Fittings Association
C. T. Theobalds	
J. Hall, B.SC.(ENG.), M.I.E.E.	Electrical Contractors' Association
S. S. Beggs, M.A.	Illuminating Engineering Society
Leonard G. Allen, F.I.A.A.	Incorporated Association of Architects and Surveyors
B. T. S. Gamble	Incorporated Association of Kinematograph Manufacturers
J. B. Carne, B.SC.	Institution of Gas Engineers
N. Elliott, A.M.I.E.E.	Home Office
A. F. Steel, B.SC.(ENG.), A.M.I.E.E.	London County Council
H. C. Weston	National Illumination Committee of Great Britain
A. G. MacDonald, F.R.I.B.A.	} Royal Institute of British Architects
B. Martin, A.R.I.B.A.	
P. C. Sugg, B.SC.(ENG.)	Society of British Gas Industries
Donald Albery	Society of West End Theatre Managers
Stephen Arlen	Theatrical Managers' Association
John Creese, O.B.E., A.R.I.B.A	Co-opted to B.S.I. Sub-Committee CME/4/5
A. F. Steel, B.SC.(ENG.), A.M.I.E.E. (Chairman)	A. G. MacDonald, F.R.I.B.A.
S. S. Beggs, M.A	E. B. Sawyer
G. E. Fielding	C. T. Theobalds
R. G. Hopkinson, PH.D., B.SC. (ENG.), M.I.E.E.	H.C. Weston
^a Alternate: H. Lambert.	

This Code of Practice was prepared under arrangements entered into by the British Standards Institution and the Institution of Civil Engineers, the Institution of Mechanical Engineers and the Institution of Electrical Engineers for the preparation of Codes of Practice outside the ambit of the former Council for Codes of Practice for Buildings (Construction and Engineering Services), and is published under the authority of the Council for Codes of Practice of the British Standards Institution

Code committee	Inside front cover
Introduction	1
Section 1. General	
101 Scope	1
102 Definitions	2
103 Exchange of information	2
104 Related codes	2
Section 2. Materials, appliances and components	
201 General	3
202 Oil lamps	3
203 Lighting fittings	3
Section 3. Design considerations	
3.1 General	3
311 Recommended systems of lighting in cinema premises	3
312 Conditions assumed for purposes of design and test	3
313 Power supply	4
314 Visibility of steps	4
315 Exit signs	4
316 Use of lighting levels above minimum requirements	4
317 Cost of installation and operation of electrical safety lighting	5
3.2 Safety lighting in the auditorium	5
321 Factors influencing the effectiveness of safety lighting in the auditorium	5
322 Level of illumination from safety lighting in the auditorium	6
323 Distribution of illumination from safety lighting in the auditorium	6
324 Nature of the safety lighting in the auditorium	6
325 Decoration and furnishings in the auditorium	7
326 Gangways, steps and seating blocks	7
3.3 Management lighting in the auditorium	7
331 Considerations governing the illumination level from management lighting in the auditorium	7
332 Level of illumination from management lighting in the auditorium	8
333 Distribution of illumination from management lighting in the auditorium	8
334 Nature of the management lighting in the auditorium	8
3.4 Safety lighting outside the auditorium	8
341 Considerations governing safety lighting outside the auditorium	8
342 Level of illumination from safety lighting outside the auditorium	9
343 Distribution of illumination from safety lighting outside the auditorium	9
344 Nature of safety lighting outside the auditorium	9
345 Decoration outside the auditorium	9
3.5 Management lighting outside the auditorium	9
351 Illumination from management lighting out-side the auditorium	10
Section 4. Work off site	
No specific recommendations	
Section 5. Work on site	
501 General	10

	Page
Section 6. Inspection and testing	
601 Auditorium safety lighting	10
602 Safety lighting in other parts of the premises	10
Section 7. Maintenance	
701 Check of performance	10
702 Alterations and additions	10
703 Cleaning, replacements and periodic examination	10
Section 8. Appendices	
801 Level of safety lighting in the auditorium	11
802 Use of coloured light	11
803 Exit signs	12

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

This Code of Practice represents a standard of good practice and therefore takes the form of recommendations. Compliance with it does not confer immunity from relevant legal requirements, including bye-laws.

Summary of pages

This document comprises a front cover, an inside front cover, pages i to iv, pages 1 to 12 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
