PIPELINES

PART 1. INSTALLATION OF PIPELINES IN
LAND

This part of the Code of Practice has been prepared by a committee convened by the Codes of Practice Committee for Civil Engineering. Having been endorsed by the Council for Codes of Practice, it was published under the authority of the General Council on 31st January, 1966.

This Code of Practice makes reference to the following British Standard Code of Practice:

CP 2003. Earthworks

British Standard Codes of Practice are revised, when necessary, by the issue either of amendment slips or of revised editions. It is important that users ascertain that they are in possession of the latest amendments or editions.

The following B.S.I. references relate to the work on this Code of Practice:

Committee references CVCP/10, CVCP/10/1

Draft for comment D64/11064

Foreword	8

SECTION ONE: GENERAL

101. Scope	9
102. Definition	9
103. Routing	9

SECTION TWO: LAND AND RIGHTS OF WAY

201. Acquisition of land and other rights	10
202. Access for survey and route selection	11
203. Types of rights	11
204. Financial consideration and compensation	12
205. Planning permission	13
206. Consultation with other interests	13
207. Plans	13

SECTION THREE: PIPELAYING AND REINSTATEMENT

301. Preliminary work	14
302. Notices and programme of work	14
303. Agreed record	15
304. Trespass	15
305. Preparation of the working width	15
306. Pipe distribution	16
307. Trenching	17
308. Explosives	17
309. Avoidance of other services	17
310. Land drains	18
311. Ditches	19
312. Maintenance of services	19
313. Fishing and sporting rights	20
314. Maintenance of access	20
315. Canal, road and rail crossings	20
316. Pipelines under roads	20
317. Warning signs	20
318. River and watercourse crossings and tidal waters	20
319. Backfilling, cleaning-up and reinstating	21
320. Pipeline markers	22
