FROST PRECAUTIONS FOR WATER SERVICES

This Code of Practice has been prepared by a Committee convened by the Codes of Practice Committee for Building. Having been endorsed by the Council for Codes of Practice, it was published under the authority of the General Council on 2nd August, 1965.

First published, October, 1956.
First revision, August, 1965.

This Code of Practice makes reference to the following British Standards:

- B.S. 1334. Pre-formed thermal insulating materials for central heating and hot and cold water supply installations.
B.S. 1589. Thermal insulating materials (plastic composition, flexible and loose-fill).

British Standard Codes of Practice are revised, when necessary, by the issue either of amendment slips or of revised editions. It is important that users ascertain that they are in possession of the latest amendments or editions.
