National foreword

This Draft for Development has been prepared by Technical Committee GSE/-/4, and is the English language version of CR 1472:1997, published by the European Committee for Standardization (CEN). It supersedes DD 221:1995 which is withdrawn.

It is being issued in the Draft for Development series of publications and is of a provisional nature. It should be applied on this provisional basis so that information and experience of its practical application may be obtained.

A review of this Draft for Development will be carried out not later than 2 years after its publication. Notification of the start of the review period, with a request for the submission of comments from users of this Draft for Development, will be made in an announcement in *Standards Update*.

According to the replies received the responsible BSI Committee will judge whether the Draft for Development can be converted into a British Standard or what other action should be taken.

Observations which it is felt should receive attention before the official call for comments will be welcomed.

These should be sent to the Secretary of BSI Committee GSE/-/4 at BSI, 389 Chiswick High Road, London, W4 4AL, giving the document reference and clause number and proposing, where possible, an appropriate revision of the text.

This Draft for Development is not to be regarded as a British Standard.
