

Guidance for forming of structural steels in processing

ICS 77.140.10

National foreword

This Draft for Development was published by BSI. It is the UK implementation of CEN/TR 10347:2006.

The UK participation in its preparation was entrusted to Technical Committee ISE/12, Structural steels.

A list of organizations represented on ISE/12 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

This Draft for Development was published under the authority of the Standards Policy and Strategy Committee on 29 September 2006

Foreword

This Technical Report (CEN/TR 10347:2006) has been prepared by Technical Committee ECISS/TC 10 "Structural steels – Grades and qualities", the secretariat of which is held by NEN.

In the ECISS/TC 10 meeting of 8 and 9 December 1998 it was decided with Resolution ECISS/TC 10 no 2/1998 to publish ECSC IC 2 as a CEN report. The part on welding in ECSC IC 2 has been revised by CEN/TC 121 and has resulted in EN 1011-2. The part on formability has been revised in this CEN Technical Report.
