

Essential oils — Determination of ester value

ICS 71.100.60

National foreword

This Draft for Development reproduces verbatim ISO 709:1990.

This publication is not to be regarded as a British Standard.

It is being issued in the Draft for Development series of publications and is of a provisional nature because the source document is under review. Upon publication of the revised ISO an identical BS will be made available. It should be applied on this provisional basis, so that information and experience of its practical application may be obtained.

The UK participation in the preparation of the revised ISO 709 is entrusted to committee AW/54, Essential oils. A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement these international or European publications referred to in this document, may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.

This Draft for Development, having been prepared under the direction of the Consumer Products and Services Sector Committee, was published under the authority of the Standards Committee and comes into effect on 15 May 2001
