

EIA RS-230

EIA STANDARD

*Color Marking of Thermoplastic
Covered Wire*

RS-230
(Revision of GEN-104)

December 1959

Engineering Department
ELECTRONIC INDUSTRIES ASSOCIATION
(Formerly RADIO-ELECTRONICS-TELEVISION MANUFACTURERS ASSOCIATION)

NOTICE

EIA standards are adopted in the public interest and are designed to eliminate misunderstandings between the manufacturer and the purchaser and to assist the purchaser in selecting and obtaining without delay the proper product for its particular need. Existence of such standards does not in any respect preclude any member or non-member of EIA from manufacturing or selling products not conforming to the standard.

Any proposal of recommended standards and practices made by the Association is without any regard to whether or not their adoption may in any way involve patents on articles, materials or processes. By such action, the Association does not assume any liability to any patent owner, nor does it assume any obligation whatever to parties adopting the recommended standards or practices.
