

Information on the use of Data Items on powerplant/airframe interactions for propeller-powered aircraft

ESDU 18010

Issued March 2019

Endorsed by The Royal Aeronautical Society

ESDU Data Items

Data Items provide validated information in engineering design and analysis for use by, or under the supervision of, professionally qualified engineers. The data are founded on an evaluation of all the relevant information, both published and unpublished, and are invariably supported by original work of ESDU staff engineers or consultants. The whole process is subject to independent review for which crucial support is provided by industrial companies, government research laboratories, universities and others from around the world through the participation of some of their leading experts on ESDU Technical Committees. This process ensures that the results of much valuable work (theoretical, experimental and operational), which may not be widely available or in a readily usable form, can be communicated concisely and accurately to the engineering community.

We are constantly striving to develop new work and review data already issued. Any comments arising out of your use of our data, or any suggestions for new topics or information that might lead to improvements, will help us to provide a better service.

The preparation of this Data Item

The work on this particular Data Item was monitored and guided by the Aerodynamics Committee. This Committee first met in 1942 and now has the following membership:

Chairman

Mr A.J. Wells	—	Independent
---------------	---	-------------

Vice-Chairman

Mr P.D. Chappell	—	Independent
------------------	---	-------------

Members

Mr H. Åslund	—	Saab Aeronautics, Sweden
Mr K. Bradbrook	—	Independent
Mr P. Camacho*	—	Boeing, Long Beach, CA, USA
Mr J.R.J. Dovey	—	Independent
Prof. K.P. Garry	—	Cranfield University
Mr J.M. van den Heever*	—	Independent
Dr G.A. Johnson	—	BAE Systems, Military Air and Information, Filton, Bristol
Dr E.H. Kitchen	—	Independent
Mr C.S. Lee	—	BAE Systems, Warton
Mr J.-B. Leterrier	—	Airbus, Toulouse, France
Miss M. Maina	—	Aircraft Research Association Ltd
Mr R.S.F. de Mello*	—	Mitsubishi Aircraft Corporation, Japan
Mr S. Morris	—	Airbus Operations Ltd, Filton, Bristol
Mr R. Sorbilli*	—	Embraer, Brazil
Mr J. Tweedie	—	Short Brothers plc, Belfast
Dr M. West	—	BAE Systems, Prestwick
Mr P. Woodrow	—	Rolls-Royce plc, Derby.

* Corresponding Member

The construction and subsequent development of the Data Item were undertaken by

Mr S.F. Wood	—	Principal Engineer.
--------------	---	---------------------

The person with overall responsibility for the work in this subject area is Mr A.J. Clarke, Head of Aerodynamics Group.

**INFORMATION ON THE USE OF DATA ITEMS ON POWERPLANT/AIRFRAME
INTERACTIONS FOR PROPELLER-POWERED AIRCRAFT**
