SEPTEMBER 2020

FOREWORD

1. This document was prepared jointly by EUROCAE Working Group 79 “Enhanced Vision Systems / Synthetic Vision Systems” and RTCA SC-213 “Enhanced Vision Systems / Synthetic Vision Systems” and was approved by the Council of EUROCAE on 10 September 2020.
2. EUROCAE, an international non-profit organisation, is the European leader in the development of worldwide recognised standards for aviation. This is achieved by utilising the expertise from our members and stakeholders across the global aviation community.
3. EUROCAE standards are developed following an open, transparent and consensus-based process, governed by process and quality management principles, which are clearly documented and is in line with the World Trade Organisation (WTO) Technical Barriers to Trade (TBT) Agreement, Annex 3 “Code of Good Practice for the Preparation, Adoption and Application of Standards”.
4. ED-257 Change 1 addresses a change proposal raised to correct errors found in the original ED-257.
5. This document is technically identical to RTCA DO-374 Change 1.
6. EUROCAE standards and other deliverables are recommendations and best industry practices. EUROCAE is not an official body of the European governments. EUROCAE standards are intended to complement and support the regulatory and certification framework.
7. Whilst efforts are made during the standards-development process to avoid the inclusion of proprietary information and material, some of the elements of this document may be the subject of patent, copyright or other proprietary rights. EUROCAE shall not be held responsible for identifying any such rights. Trade names and similar terms used within this document do not constitute an endorsement by EUROCAE thereof.
