Block Valve Packing Systems

GP 03-12-08

Scope

[I] This Global Practice (GP) covers the design, materials, packing arrangements, and installation and testing requirements for rising-stem and quarter-turn valve stem packing systems.

[I] Control valves, special valves, and injection packing systems are not covered by this GP.

[I] An asterisk (*) indicates that additional information is required. If a job is contracted, this additional information will be furnished in the Job Specification.
