ANSI/HPS N12.1-2015

This standard was developed under the authority of the Health Physics Society Accredited Standards Committee (ASC) N13, *Radiation Protection*. The ANSI/HPS N12.1 Working Group responsible for this standard had the following members:

Tracy A. Ikenberry, Co-Chairperson	Dade Moeller & Associates
John W. Poston, Sr., Co-Chairperson	Texas A&M University
James S. Baker	Savannah River Nuclear Solutions
Suzanne Y. Helfinstine	Pantex Plant
Valerie L. Putnam	Idaho National Laboratory, retired

The working group wishes to acknowledge the members of previous working groups, whose work we are continuing, and without whose efforts the current standard would not exist.

We also acknowledge the contribution of Larry D. Anderson, who was instrumental in developing and preparing the graphics of the new fissile material symbol.

Oversight for development of this standard was provided by the N13 Administrative Committee, which had the following members:

Chair	Michelle L. Johnson
