Foreword

(This Foreword is not a part of IEEE Std 22A-1962, IEEE Guide for the Application of Interrupter Switches to Switch Capacitance Loads.)

The Institute wishes to acknowledge its indebtedness to those who have so freely given of their time and knowledge, and have conducted experimental work on which many of the IEEE publications are based.

The work of preparing this material was carried out by members of the Capacitor Switching Working Group of the Subcommittee on Switches, Fuses and Insulators of the IEEE Switchgear Committee. The members of the working group were:

C. H. Baker, *Chairman*

A. L. Bohlinger
T. E. Curtis
G. E. Hertig

C. W. Upton

S. D. Moorer
J. C. Parker
E. R. Perry
