AIEE No. 803

CONTENTS

	Page
1 Foreword	5
2 Purpose	5
3 Scope	5
4 Definitions	6
5 Testing Order	6
6 Application of High-Potential and Insulation-Resistance Tests	6
7 Insulation Resistance	6
8 High-Potential Insulation Tests	7
9 References	8

ACKNOWLEDGMENT

The Institute wishes to acknowledge its indebtedness to those who have so freely given of their time and knowledge, and have conducted experimental work on which many of the AIEE Test Codes are based.

The work of preparing this Test Code was carried out by the Subcommittee on Dielectric Testing Procedures for Aircraft Equipment and Insulation Materials of the AIEE Air Transportation Committee. The personnel of this Subcommittee was:

J. P. Dallas, *Chairman*

E. O. Anderson

D. W. Exner

F. Foulon

H. Gillespie

C. F. McMeekin

C. S. Milliken

W. P. Penn

H. A. Skaglund
