First edition — 1972-12-01

UDC 621.914.28

Ref. No. ISO 2587-1972 (E)

Descriptors : tools, cutting tools, milling cutters, dimensions.

FOREWORD

ISO (the International Organization for Standardization) is a worldwide federation of national standards institutes (ISO Member Bodies). The work of developing International Standards is carried out through ISO Technical Committees. Every Member Body interested in a subject for which a Technical Committee has been set up has the right to be represented on that Committee. International organizations, governmental and non-governmental, in liaison with ISO, also take part in the work.

Draft International Standards adopted by the Technical Committees are circulated to the Member Bodies for approval before their acceptance as International Standards by the ISO Council.

International Standard ISO 2587 was drawn up by Technical Committee ISO/TC 29, *Small tools*.

It was approved in February 1972 by the Member Bodies of the following countries :

Austria	Italy	Switzerland
Belgium	Japan	Turkey
Egypt, Arab Rep. of	Poland	United Kingdom
France	Romania	U.S.A.
Hungary	South Africa, Rep. of	U.S.S.R.
India	Spain	
Israel	Sweden	

The Member Body of the following country expressed disapproval of the document on technical grounds :

Czechoslovakia
