April 1959

COPYRIGHT RESERVED

The copyright of ISO Recommendations and ISO Standards belongs to ISO Member Bodies. Reproduction of these documents, in any country, may be authorized therefore only by the national standards organization of that country, being a member of ISO.

For each individual country the only valid standard is the national standard of that country.

Printed in Switzerland

Also issued in French and Russian. Copies to be obtained through the national standards organizations.

BRIEF HISTORY

The ISO Recommendation R 104, *Ball and Rollers Bearings - Boundary Dimensions*, was drawn up by Technical Committee ISO/TC 4, *Ball and Roller Bearings*, the Secretariat of which is held by the Sveriges Standardiseringskommission (SIS).

The proposals drawn up by the ISO/TC 4 Secretariat for the subject-matter of this ISO Recommendation were discussed by the Technical Committee during its fourth meeting, held in Madrid, in May 1955, and during its fifth meeting, held in Vienna, in September 1956; they were adopted as a Draft ISO Recommendation.

On 15 November 1957, the Draft ISO Recommendation (No 154) was distributed to all the ISO Member Bodies and was approved by the following Member Bodies:

Austria	India	Spain
Bulgaria	Italy	Sweden
Burma	Japan	Switzerland
Canada	Netherlands	Union of
Finland	New Zealand	South-Africa
France	Poland	United Kingdom
Germany	Portugal	U.S.A.
Hungary	Romania	U.S.S.R.

No Member Body opposed the approval of the Draft.

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided, in April 1959, to accept it as an ISO RECOMMENDATION.

BALL AND ROLLER BEARINGS

BOUNDARY DIMENSIONS

CONTENTS

1. Radial bearings (except tapered roller bearings)
Intermediate boundary dimensions

Symbols		4
1.1 Diameter series 8		4
